South Dakota Data Request

2-16 For the residential furnace rebates paid in 2014, please provide a breakdown of the number of rebates paid as follows: 1) single family vs. multifamily; 2) new installations vs. replacement installations; and 3) total furnace rebates paid to developers and number of rebates paid to each developer.

Response:

A total of 2,251 residential furnace rebates were paid in 2014. Of this total, 2,029 were for furnaces placed in single-family homes and 222 were placed in multifamily facilities. Additionally, 528 furnaces were placed in newly constructed buildings/homes while 1,723 were replacement units placed in existing buildings/homes. Attachment 2-16 shows the developers that received furnace rebates in 2014 and the number of rebates paid to each of the developers.
